

NEB'S FUN WORLD INDOOR ENTERTAINMENT CENTRE

FOR IMMEDIATE RELEASE

Let's Play! NEB's Fun World to Become Largest Entertainment Facility in Eastern GTA

(Oshawa, ON, December 18th, 2017) - NEB's Fun World, an indoor amusement centre located at 1300 Wilson Rd North, Oshawa, is announcing today that it is expanding to approximately 130,000 square feet of indoor entertainment. Construction on the new addition will take place during the 2018-2019 season; making this facility the largest of its kind in the Eastern GTA.

Multiple roller coasters, both in the air and on the ground will be the highlight of the new addition. Other innovative attractions such as virtual reality, interactive escape rooms and multiple-level laser tag will be just some of the new elements introduced to NEB's along with the already established attractions. The current play centre will also undergo massive changes during this expansion to hold approximately 400 users at a time. Once completed, NEB's will be able to host over 1000 guests at a time comfortably in the facility; while also being large enough for an auditorium-style venue with the opportunity to offer live entertainment.

Upon opening, almost all of NEB's 52 lanes will be capable of setting both 5 & 10 pin per guest request. These bowling machines and the scoring technology were locally produced, invented and made in Oshawa by the England Family.

"We wanted a fun and unique experience that you would not find anywhere else." explained Tom England, President of NEB's Fun World.

About NEB's Fun World:

The multi-generational bowling alley was established in the late 1930's and since then has grown with the Oshawa community. Now in it's third location, the family run business has blossomed into what we now know and recognize as NEB's Fun World.
